

MUSART1\_u8PtrReceiveString

MUSART2\_u8PtrReceiveString

voidResetArray

```
graph LR; A[MUSART1_u8PtrReceiveString] --> C[voidResetArray]; B[MUSART2_u8PtrReceiveString] --> C;
```

The diagram illustrates a memory management or pointer assignment scenario. On the left, there are two rectangular boxes, one above the other. The top box contains the text 'MUSART1\_u8PtrReceiveString' and the bottom box contains 'MUSART2\_u8PtrReceiveString'. From the right side of each of these boxes, a blue arrow points towards a single rectangular box on the right. This box, which has a light gray fill and a black border, contains the text 'voidResetArray'. The arrows indicate that both 'MUSART1\_u8PtrReceiveString' and 'MUSART2\_u8PtrReceiveString' point to the 'voidResetArray'.
